

# ANNOUNCING A NEW TRAINING APP

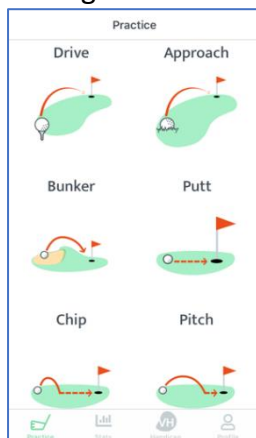

**For all golf enthusiasts who want to improve their game through practice**

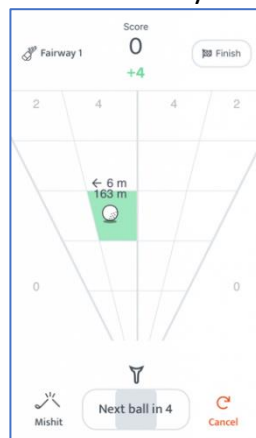

Master Golf is an educational app designed to support golf training and teachers. By registering balls for different exercises, players can keep track of their performance and improvement.

## Key Features

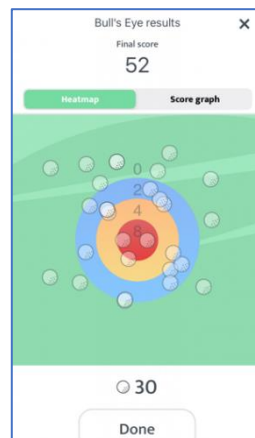

12 different exercises for all main golf strokes

Register every ball in an intuitive way

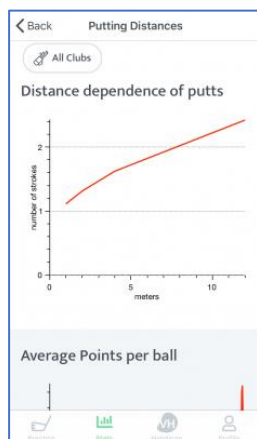

Review results of individual exercises

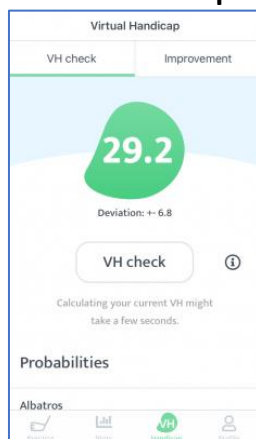

Receive scores to easily check performance

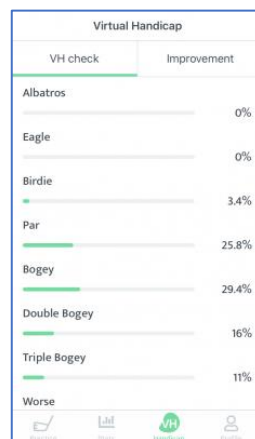

Track progress & improvement over time

Simulate performance via **Virtual Handicap**

Check statistics for results on the course

Advise development areas to improve

## Free offer to PGA golf teachers

Teachers who are member of a National Teacher's Association qualify for a free subscription  
Free try-out for students: up to 200 balls available for free after registration
